

## Order form - System solution Type A and Type B

PIR/MIWO - Type A  
 Insulating panel type MA/FV

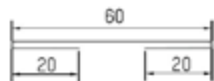

MIWO/PIR - Type B  
 Insulating panel type FVB/MB

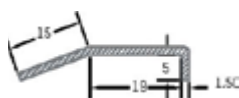

| PIR panel type MA         |  |
|---------------------------|--|
| Thickness (mm)            |  |
| Amount                    |  |
| Length (mm), max 10.000mm |  |
| MIWO panel type FV        |  |
| Thickness (mm)            |  |
| Amount                    |  |
| Length (mm), max 10.000mm |  |

| MIWO panel type FVB       |  |
|---------------------------|--|
| Thickness (mm)            |  |
| Amount                    |  |
| Length (mm), max 10.000mm |  |
| PIR panel type MB         |  |
| Thickness (mm)            |  |
| Amount                    |  |
| Length (mm), max 10.000mm |  |

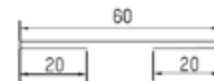

The crossing panels are packed and labeled separately (MIWO und PIR separated).

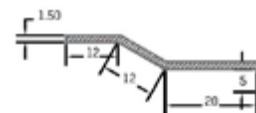

| Flat section unbored      |  |
